Dear Mr. Lewis:

As you have requested in your letter of May 30, 2003, I am enclosing fully executed copies of both compensation agreements between the Parkers and the U.S. Environmental Protection Agency. Please note that both agreements contain privacy information which the agency would not normally provide in response to a request, but the agency is doing so in this case since you are counsel for the Parkers. I believe that all the attachments which were originally part of the agreements are included. The restoration plan is not included, as it was not part of the original agreement and, as you know, changed many times in the course of the project. Please let me know if you have any other questions or concerns.

Sincerely,

Matthew Cohn
